

Stanley School Council Minutes

January 9, 2008

Present: Marcia Pertuz, Christine Power, Kathy Bergeron, Colette Casey-Brenner, Erika Swanson, Barbara Byam, Angie Holness, Judy Campos, Priscilla Picardi and Julie Wack,

Public Input - No new public input received by the School Council.

1. Minutes approved from previous meeting December 4, 2007, motion to accept from Colette Casey-Brenner and seconded by Kathy Bergeron.
2. School Updates – Marcia Pertuz stated PDD staff member, Debbie Connearney resigned to pursue other opportunities and had been replaced by Ron Moscher. She also stated Title I staff member, Noreen Cook and Speech Therapist, Sharon Kelly were on medical leave and there were temporary people in those positions for the immediate need, until their return. She also mentioned that she has had the YMCA after school program implement a Homework Club. This is a place that members of this program can get ½ hour homework support, NOT a place to give the student's answers. She also stated this is a new idea and seems to be working out well. She will continue to update us on this program at future meetings.
3. Student Pick-Up Proposal – In follow-up to December's meeting, this topic was once again discussed at great length and the pros and cons of the process. Brainstorming continues with the idea of a survey in the near future to determine the family's needs for picking up students, if they could be a bus student. For now, we will continue this proposal, but according to Officer Frassica, we are doing the best we can with a bad situation.
4. Upcoming Budget – As Marcia reviewed last years requests and acquisitions from the budget, the Council proceeded to come up with the list of desired additions to this years proposed budget. After another lengthy discussion, Marcia will compile our thoughts and ideas and get it back to us for review.
5. Family Workshops – Tabled till February 6, 2008
6. Parent Resource Center – Tabled till February 6, 2008.
7. New Business – Tabled till February 6, 2008
